Summary

Motivated IT student pursuing a 3-year B.Tech in Information Technology with a solid foundation in programming and web development. Proficient in basic Python, Java, HTML, and CSS.

Passionate about building efficient and scalable web applications and always eager to explore new technologies and tools. Looking forward to contributing to innovative projects and gaining more hands-on experience in the IT industry to sharpen my technical expertise and professional growth.

Experience

Infosys Springboard   Feb 2025 - Mar 2025

Intern   Remote

Interned at Infosys Springboard, contributing to the development of a budget-tracker project. Gained hands-on experience in Python and Django, improving my understanding of backend development and database management.

Education

V.S.B Engineering College   September 2023 - Present

Information Technology

8.1

Projects

Text to Speech   June 2025

🔗 https://github.com/Dinesh8778/texttospeech

Built a simple Text-to-Speech app using Python, Tkinter, and pyttsx3.
It lets users type text and listen to it instantly with adjustable voice and speed. The app works offline and has a clean, beginner-friendly GUI.

Skills

Java (Basic)

Python (Basic)
